MEMORANDUM FOR: Chief, Information and Privacy Division

FROM: [REDACTED]  
Deputy Director of Information Services

SUBJECT: Priority Declassification Review of [REDACTED]  
[REDACTED]

REFERENCE: Memorandum to Chief, IPD from Director, Center for  
the Study of Intelligence dated 21 July 1980; Same  
Subject

1. I discussed reference with Director of Information Services (DIS) and explained the concerns we had regarding taking the manuscript prepared by [REDACTED]

[REDACTED] out of queue as well as the question as to why the Center for the Study of Intelligence needed this document in an unclassified form.

2. DIS contacted [REDACTED] to determine why the unclassified version of the manuscript was necessary. [REDACTED] explained that they wanted to use the manuscript as a hand out for general reading outside of class and that, therefore, an unclassified version is necessary. Jim also explained the urgency in order to have it available for the course beginning on 20 October.

3. DIS explained to [REDACTED] the lengthy process involved in our coordination with other Government agencies and that we did not control the pace at which they accomplished their work. While DIS stated that we would do all possible to check with the other organizations to hopefully expedite their processing, he advised [REDACTED] that there was no guarantee that this could all be accomplished before the beginning of the new course in October.

4. In view of the Director's interest in this course being a good one and the limited time between now and the beginning of the course, we ask that you have your personnel contact the points of referral in order to determine when each of them contemplates completing their review and,

if possible, convince them to hasten the process with the effort being to have it accomplished prior to the beginning of the course if at all possible.

5. One last point, [ ] has been asked to have [ ] deal directly with you on any inquiries or dealings on the manuscript review.
